Let's get started!

Join The Site That Is Going To Let You Make Easy Money For FREE!

The site you are going to join is called [Earnably](#)

What is [Earnably](#)?

Earnably is a site that is 100 % free to join that pays you to watch videos, perform simple tasks, etc.

What makes Earnably different than other sites that pay you to perform tasks is the ease and quickness that you can earn a decent amount of money and cash out.

The \$50 In 1 Day Strategy

With the very simple step by step instructions below...You can easily make \$50 today on Earnably and get paid that \$50 straight to your Paypal account or Bitcoin address!

Follow the easy step by step instructions below to start earning immediately!

Step 1 – [Click Here To Join Earnably](#)

Set Up Your Account To Get Paid On Auto-Pilot!

In order to get paid from Earnably, you first need to tell them how you want to get paid (paypal or bitcoins) and when you want them to send you your

earnings.

The introductions below will show you how to do this...

Step 1 – [Login to your Earnably account](#)

Step 2 - Click on the link at the top of the page that reads "**My Account**". After clicking on the "**My account**" link...a menu will appear. See the example in the screenshot below....

Step 3 - Click the link that reads "**Settings**". A link will take you to a new page where you can enter your payment information.

On this page...enter your **paypal email address** or **Bitcoin address**. Choose which payment method you prefer.

After entering your payment information....Click on the link on the bottom of the page that reads "**Save Changes**".

Your payment information has been updated!

Step 4- Setting it up to receive instant automatic payments. In this step, I am going to show you how to set it up so that you get paid daily from "Earnably"

Simply follow the instructions below...

First...Click on the link at the top of the page that reads "**Redeem**". See

example in the screenshot below...

After clicking on the "**Redeem**" link...You will be taken to a new page that looks like the example in the screenshot below...

Follow the simple instructions on that page and determine whether you want to get paid automatically daily when you reach the \$1, \$2, \$5, \$10, \$20, or \$30 payout threshold.

Note: The bigger that you set your payout threshold the more your points will be worth. **For example:** If you select \$1, then it will take you 125 points to get paid \$1. However...If you set your payment threshold to \$5, then it will only take you 500 points to get paid \$5. For this reason...I recommend that you set your automatic payment threshold to \$5.

Step By Step - How To Make Your First \$50 On Earnably

Now that you know how you are going to get paid and how to get paid on auto-pilot, it's now time to make your first \$50.

Below I will lead you through a step by step tutorial that leads you from making your first \$1 to making your first \$50 on Earnably...with the next hour! Note:

1 point is equal to about \$.01. So 100 points is equal to about \$1.00

Step 1 - Make as much 1135 points (\$11.35) i the next 30 minutes

Here is the quickest way to earn money on Earnab ly fast.

First go to Earnably's "Action" page. Here is how you get to their "Action page". First....Click on the link on the top of the page that reads "**Earn**". Clicking on this link will open up a menu that has the link to the action page. See screenshot below...

After you click on the link that reads "**Actions**", you will be taken to new page where you can earn as much as 1135 points (\$11.35) by doing simple stuff to promote Earnab ly. You earnings range from getting 5 points for tweeting about Earnba ly to 500 points for creating a video about Earnab ly.

Complete as many as these tasks as you can to earn some points quickly!

Step 2 - Earn Some Quick Cash By downloading Apps (I earned 785 points (\$7.85))

After completing the tasks on the Actions page, downloading and installing apps on your phone is the fastest way to earn a lot of points fast on Earably!

Note: You don't have to keep any app that you don't want. You simply download the app to your phone, install it, wait for Earnably to reward your points for installing it...And then you can uninstall it. This is a very easy way to get points fast because it involves very little work.

Tip: If you have an old phone that you don't currently use, then simply use that old phone to download the apps and you will not even have to bother uninstalling them if you don't like them. That is the method that I use.

You can earn from 3 points to 200 + points for each app and download to your phone.

To find the Apps page you simply click the "**Earn**" link at the top of the page and the menu will pop up that has the link to the apps page on it. See screenshot below...

Once you reach the Apps page...Simply follow the instructions on the page and get paid for each app that you install on your phone. I earned a quick 785

points (\$7.85) using this quick and easy method.

Step 3 - Complete The Easy Offers

Of you complete Steps 1 and 2, then you should have earned at between 500 and 2000 points so far depending if you completed all the tasks in each section. That comes out to \$5 - \$20 in real money!

To make at least \$30 more you will need to use Eanably's offer walls. The offer walls are where you will earn even more points for completing more tasks.

They have simple tasks that range from...

1. watching videos
2. clicking links
3. signup up for free stuff
4. Printing coupons (Yes! You can earn points just by printing coupons. You can then use these coupons at your local sore if you like.

To find the offer walls on Earnably, you will simply click the link that reads "Earn" at the top of the page and a menu will pop up that has the link to the offer walls on them. See Screenshot below...

After clicking on the Offer Walls link, you will be taken to a new page where you will find 23 different offer walls that you can earn easy money from.

Simply go through all the offer walls and complete the easy free tasks to collect your points. Since there are 23 offer walls...You should easily be able to find enough easy tasks to make at least \$30 from the offer walls alone by the end of the day.
